**MEDICATION SAFETY IN AN ERA
OF EVIDENCE-BASED MEDICINE**

ORGANIZED BY:

*Department of Pharmacology
All India Institute of Medical Sciences, Rishikesh, India*

UNDER THE AEGIS OF:

Society of Pharmacovigilance (India)

AIIMS, Rishikesh

All India Institute of Medical Sciences, Rishikesh is an Institute of National Importance (INI) providing top-notch medical training, research facilities and an atmosphere which promotes and rewards innovation and new scientific development, along with being an outstanding tertiary medical care centre for the population of Uttarakhand state and beyond.

SOPICON 2023

All India Institute of Medical Sciences, Rishikesh invites you to attend the Annual International Conference of the Society of Pharmacovigilance (India). This two-day prestigious academic event will become a centre of bustling academic activity and learning possibilities where eminent international academicians and delegates will share and discuss in depth of their experience, knowledge and provide an opportunity to share new ideas and innovations.

Along with bringing laurels to the institution, this conference will contribute to the ongoing scientific dialogue regarding quality and safety of pharmaceuticals, which is a highly relevant topic in current times.

WHY SOPICON 2023?

OBJECTIVES

The conference intends to provide a platform for discussion about different issues pertaining to safety of medicinal products ranging from quality of pharmaceuticals to pooled analysis of safety data from clinical investigations. Synthesizing evidence from available literature in public domain needs to be promoted for taking informed decisions. Providing a common platform to all stakeholders in medication safety will lead to healthy discussion and delegates will get insight into the various aspects of the theme.

PRE CONFERENCE WORKSHOPS

Pre-conference workshops will provide hands-on experience to delegates about software used for uploading and analysing information pertaining to drug safety. This will be a step in creating a pool of employable manpower who will already be exposed to expected demands of work

WHY ATTEND?

The event will provide a platform to learn about contemporary issues associated with drug safety

Delegates will get an exposure of software used and application of established principles to enhance drug safety during pre-conference workshops

Delegates will get an opportunity to interact with speakers and participants from academia and industry for developing wonderful professional relations
